Big News! **BlowHard Steps into the** **Training Realm...**

Hello BlowHard Dealer & Sales Staff!
As you know, we've been compiling videos and
literature for the firefighting industry.

foundation, beyond a single CFM number, providing the Fundamentals of Fan Performance in a simple and understandable manner.

This brake-through information is more extensive and comprehensive than anything presented...ever, and has been recognized by *Tall Buildings Fire Safety Network*.

In response, they have asked BlowHard to present this year at FDIC...

**We invite you to attend Tuesday April 8th at 10:20am:
*Optimizing Fan Performance for Stairwell Pressurization and Evacuation.***

**Presented by Michael Hadlock,
Owner and Engineer of BlowHard Fans.**

17:00 Conference Day 2 closes

For the ***first time ever***, BlowHard defines PPV Fan Performance in a physics-based, mathematically-driven model.

The following video is a very, (very) condensed overview of the correlations of Fan Size, Power, Thrust, Setback, Entrainment and Structure Response...

How a PPV Fan and its Airstream Work

Let's get

...and while you're at FDIC...

Big Reveal

**FDIC
BOOTH 2735**

**XPERIENCE
THE
XTREME**

In case you missed last month...

Hello BlowHard Dealers and Staff!

We see that you're having great success with the Squirt and accessories! Lots of demos, testing, and positive feedback on the Smart-Tec System!

...but did you think we were going to stop there?

Once again, make sure to pack your bags for FDIC and get to **Booth 2735** to see how 2025 is going to be an even bigger year for BlowHard PPV Innovation and your sales!

Education Station

Last month we brought you information on the 3 different ways airstreams entrain air.

This next video correlates those Entrainment types with Airstream types...

Airstream Types:

Cone

BlowHard High-Flow Expansion Jet

Learn the differences of each and how our Expansion Airstream puts BlowHard in a performance category above all other battery-operated PPV fans!

video:

The Secure Dealer Portal is now open!

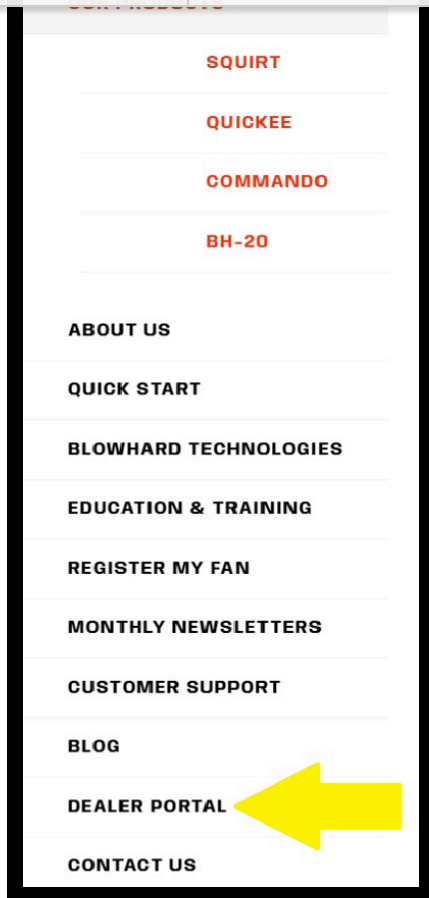

Step 1

Go to blowhardfans.com and click on Dealer Portal.

[View](#)

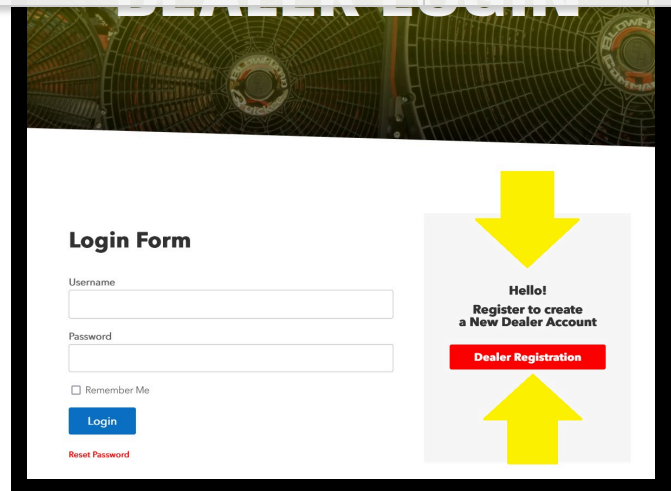

Step 2

Click the red button to create your own account. This will generate an email for us to grant you approval.

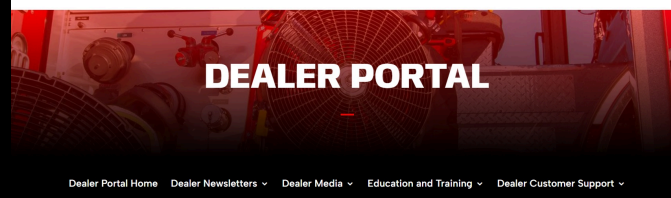

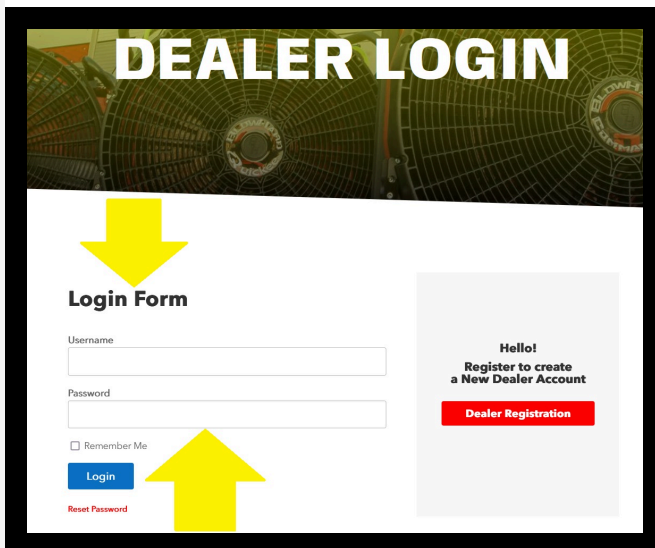

Step 3

Once approved, you can create a password and log in.

Step 4

You now have access to all content in the Dealer Portal!

We are continuing to develop content for each category and will inform you when something new is added.

What will be quite useful for you are things like:

- **Sales:** Brochures, Catalogue, Cheat Sheets, Fan Testing
- **Fan Repair:** Assembly and Installation Guides

Please reach out with other items or categories
that would be helpful for you in the Dealer Portal:
